Why OLD HICKORY?

THE DIFFERENCE IS IN THE DETAILS

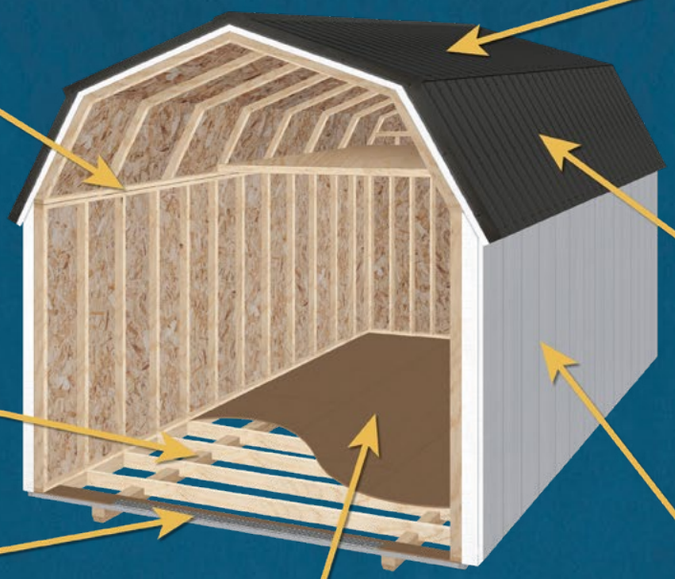

DOUBLED TOP PLATES on LP SmartSide buildings tie walls together & prevent sagging under roof trusses.

4x6" TREATED & NOTCHED SKIDS resist rotting & secure floor joists to prevent racking during delivery.

DIAMOND PLATE DOOR THRESHOLD protects the floor by the entryway from wear & tear.

ENGINEERED TONGUE & GROOVE FLOORING is standard on all buildings.

Metal roofing panels fastened with **COLOR MATCHING SCREWS** to ensure the best possible appearance.

Same price for either **29-GAUGE METAL ROOF** or HOA compliant **ARCHITECTURAL SHINGLES.**

You choose: **T1-11 PRESSURE TREATED** or **LP SMART PANEL SIDING.**

LOFTED BARNS

With up to 8′ of loft included in the price, the Lofted Barn is ideal for customers needing to maximize their available storage space. The gambrel (barn-style) roof provides a traditional appearance and increases the total loft space. Add a package to suit your needs.

ENGINEER certified

KEY FEATURES

- Iconic barn-style roof
- 6′3″ standard inside wall height for treated buildings
- 6′4½″ standard inside wall height for painted buildings
- 7′ (81″ inside) wall height available
- Up to 8′ of loft included FREE (No price credit for subtracting loft)
- 8′ wide buildings come with a single 4′ barn door (excluding packages)
- 10′ and wider buildings come with 6′ double barn doors (excluding packages)
- See Price List for available sizes in your area

NOTE: Building images shown with additional options. 12′ wide and wider buildings are measured across the eaves due to DOT regulations (all others are measured from outside wall corners). All measurements are within a 5% build tolerance.

ANIMAL SHELTERS

Our Animal Shelters have a 4x6 pressure treated perimeter base to make it deliverable by our trucks and trailers, yet resist rotting from ground moisture. It's possible to add stalls, separators and even a tack room depending on the size.

ENGINEER certified

KEY FEATURES

- Single Slope Roof or Utility Style Roof.
- 1 ¼" Pressure Treated Kick Boards approx. 4' high, spaced 1½" apart.
- Standard stall opening is 8' wide. One stall is standard per 12' of length. (10' x 12' = 1 stall, 10' x 20' = 1 stall, 10' x 24' = 2 stalls).
- See Price List for available sizes in your area.

TACK ROOM

- Tack rooms require a minimum of 4' added to the 12' of length needed per stall (E.g. 1-stall plus a 4' wide tack room requires a minimum of 16' total length).
- Tack Room starts on an outside end wall. Additional cost to start on an inside divider wall. See Price Guide.
- Engineered T&G flooring
- OSB divider wall between tack room and stall.
- 3' single Barn Door on all tack rooms.
- Upgrade to 4' Wooden Barn Door. See options list for pricing.

NOTE: Framing specs vary by local building requirements. Tack room is not included. Additional stalls (includes opening and divider) can be added for an additional cost (optional) - see price guide. Buildings will be set directly on ground with no blocking. Ground must be suitable for application prior to delivery. Building images shown with additional options. Building images shown with additional options. 12' wide and wider buildings are measured across the eaves due to DOT regulations (all others are measured from outside wall corners). All measurements are within a 5% build tolerance.

SIDING OPTIONS

LP Smart Panel is a vertical siding simulating the look of traditional barn board, but is significantly more resistant to decay. It's treated with LP's proprietary SmartGuard® process. With four components of protection, the process adds strength, is weather resistant, and helps the siding withstand impacts, freeze/thaw cycles, high humidity, fungal decay and termites.

VIEW OPTION PRICING

3/8" LP SMART PANEL

- 16″ On Center Studs
- 24″ On Center Trusses
- Doubled Top Plate
- SmartGuard® treatment makes this engineered wood product resistant to fungal decay, termites, impact & water
- Comes with a 50-year limited manufacturer's warranty
- Available Coatings: Paint & Urethane (only)

Old Hickory Sheds, LLC is not responsible for colors not matching the brochure.

SIDING OPTIONS

If you're looking for the look of an old-fashioned storage shed, T1-11 pressure treated siding will give that look. T1-11 is tried and true, premium grade real plywood exterior siding that is protected against rotting, fungal decay and termites.

VIEW OPTION PRICING

5/8" T1-11 PRESSURE TREATED

- 24" On Center Studs
- 24" On Center Trusses (siding easily spans 24" on center stud spacing)
- Double studded at siding seams to resist treated wood's tendency to shrink (same number of studs as 16" on center spacing)
- All pressure treated wood features a limited lifetime warranty against termites and fungal decay
- Tried and true premium grade real plywood siding
- 5/8" thick, 66% thicker than many competing siding products
- Available Coatings: Water Sealer only

T1-11 SIDING COLOR

Actual colors may vary from those displayed in brochure.
Old Hickory Sheds, LLC is not responsible for colors not matching the brochure.

SIDING OPTIONS

Our vertical metal siding are metal panels that are installed vertically on a structure, running from the roofline to the base of the building. It provides a premium architectural appearance and is 100% recyclable, weather resistant and is very effective at reflecting solar heat better than most other siding options.

VERTICAL METAL

- Can be used on Engineer Certified buildings
- The 29-gauge steel siding includes a 30-year limited warranty against rust-through
- Reflects solar heat better than most siding
- Color options are the same as metal roofing
- Choose up to 3 different colors at no additional charge:
  (1) Walls (2) Wall Trim (3) Roof & Roof Trim*
  *roof trim must be same color as roof panels

NOTE: Not available with all add-on packages

WINDOW OPTIONS

Whether your shed will just be used for storage or something more, Old Hickory Buildings & Sheds offers a variety of windows that will not only provide the function you need…but can add a lot of visual character to the inside and outside of your shed. Consider how well insulated you want your building to be, whether you want some cross-circulation during the summer months, or whether bringing in more natural light is your priority.

Improve the look, comfort and function of your building with Double-Pane Vinyl Windows. These sealed windows help reduce heated or cooled air transfer while creating a brighter, more comfortable interior throughout the year.

Upgrade to 16″ On-Center Trusses. Standard is 16″ On-Center Studs and 24″ On-Center Trusses.

NO STRINGS ATTACHED

Our low monthly rental rates are comparable to mini-warehousing rates. Our no strings attached plan allows you to have your own storage facility at your home or business, when and where you need it. The rental agreement is on a month-to-month basis, meaning you have the flexibility to turn in the building at any time for any reason. There is a one rental per customer policy, but exceptions may be made if the customer has a good payment history on prior contracts.

WHY PAY RENT, WHEN YOU CAN RENT TO OWN

(See dealer for details.)

EARLY PAYOFF
90 DAYS SAME AS CASH

Payoff anytime with no penalty. There is also a discount off the rental balance for those who pay off early. If you decide to pay off the building within 90 days, we'll waive the entire cost of lease services.

Available RTO terms may change by location. See your local dealer for details. The Rent-to-Own transaction is a rental-purchase agreement. You will not own the merchandise until the total amount necessary to acquire ownership is paid in full or you exercise your early purchase option ("EPO").

Engineer Certified buildings are certified for local wind and snow load requirements (wind rating requires customer supplied anchors). See Price Lists for wind and snow load specifications. A standard set of engineered plans are available upon request after purchase of a building. We employ a full-time engineer for quick turnaround for custom plans or builds. Visit our website or consult your local dealer for more details.

VIEW ENGINEER CERTIFIED SPECS

Price does not include anchors. Additional options are available – see dealer/website for more details. Extra charges apply for custom plans, calculations or elevations. Designed to meet IBC standards – not guaranteed for every local jurisdiction. Our buildings are classified as Minor Storage Facilities (Occupancy Category 1) and not intended for any other use. Economy style Buildings are not certified as a standard. These can be built as certified for an additional charge.

FREE DELIVERY & EASY SETUP WITHIN 30 MILES

We will provide you with a quick and efficient delivery experience. Delivery site must be accessible with a truck and trailer. NO SITE PREPARATION NECESSARY if site is accessible with truck and trailer and site is NO MORE THAN 3 FEET OUT OF LEVEL. FIRST 30 MILES FREE. Over 30 miles subject to additional charge.

FREE SETUP includes leveling the building to the specifications on our blocking diagram (customer may request a copy from dealer), starting with one corner at ground level and raising it up to a maximum of 3 feet. If leveling requires 1 foot or less, pressure treated wood blocks may be used. Customers who require their building to be set on concrete blocks must have them ready PRIOR to delivery OR have a clear agreement with the driver to supply the blocks at a price to be negotiated with the driver. It is the customer's responsibility to decide if ground conditions are unsuitable for delivery.

BUILDINGS AT THE SALES LOT:

Can **USUALLY** be delivered within 1–2 weeks.

CUSTOM ORDERED BUILDINGS:

Can **USUALLY** be delivered within 4–6 weeks.

NOTE: Non-standard metal colors on any building will add one week to the lead time. Peak season and poor weather conditions can add extra days on to the normal delivery time. Lead times vary; above delivery times do not apply to build on site buildings.

FIVE YEAR LIMITED WARRANTY

We offer you peace of mind. With a limited 5-year warranty backed by a company that has been in business since 1997, you can trust that Old Hickory will be there if you need them. With our warranty written, there will be no surprises in the rare event of a claim.

LIMITED LIFETIME WARRANTY

We offer a Limited Lifetime Warranty against termite damage and fungal decay on all pressure treated wood, including Pressure Treated Skids, Floor Joists (On All Models), Optional Pressure Treated T1-11 Siding.

30 YEAR LIMITED WARRANTY ON METAL

All metal roofing and siding comes with a 30-year limited warranty against rust through.

50 YEAR MANUFACTURER'S WARRANTY ON LP SMART SIDING

LP® SMART PANEL SIDING INFORMATION

LOW PRICE GUARANTEE

We'll match any competitor's advertised price for the same quality building.

The competitor's building must have the same or better quality materials and features. Consumers MUST provide an official quote on competitor letterhead, or show pricing in a brochure or on a price sheet that shows the building's size, type and add-on features. The LOW PRICE GUARANTEE excludes competitor discounts on used or aged building inventory. Old Hickory reserves the right to make final price matching decisions.

EXCEPTIONS & CONDITIONS

- ***Prices shown include 3% discount offered for purchases made with cash or check. Credit card purchases are not eligible for the discounted price and will be priced 3% higher.**
- ****Not available at all locations. See dealer for details.**
- **Prices shown are pre-tax.**
- **12′ wide and wider buildings are measured across the eaves due to DOT regulations. For double-wide buildings, 24′ wide and wider are measured across the eaves. All others are measured across outside wall corners. All measurements are within a 5% build tolerance.**
- **Free Delivery covers one trip up to 30 miles one way. Additional trips and trips over 30 miles are subject to additional mileage fees. See dealer for details.**
- **One color paint/water sealer included in prices. Urethane and additional colors are extra. (Excluding build on site).**

Old Hickory Sheds, LLC and its associates are not responsible for permits, snow/wind load requirements, covenant searches, restrictions, setbacks, yard damage, or underground damage. In very rare cases, underground footers may be required by local building codes. Old Hickory Sheds does not offer digging or footer services, and these are not included in free set up, however we can work with customer or contractor when required for an additional cost. Please contact your local Building Inspector and/or Homeowner's Association for information on requirements and restrictions.

Old Hickory has the right to refuse any sale prior to the time when it is accepted and approved by Old Hickory's corporate office and the building is set up at customer's location.
